Policy Statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of “it could happen here” where safeguarding is concerned.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

Specific guidance is available to staff within the procedure documents.

Aims

- To provide Staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to protecting children.

Principles and Values

- Children have a right to feel secure and cannot learn effectively unless they do so.
- All children regardless of age, gender, race, ability, sexuality, religion, culture or language have a right to be protected from harm.
- All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm in accordance with the guidance.
- We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.
- Whilst the school will work openly with parents as far as possible, the school reserves the right to contact children’s social care or the police, without notifying parents if this is in the child’s best interests.

In addition, adults working within Forest School need to understand that when children feel comfortable and at ease, when their instinct to trust and risk take is encouraged, they may be motivated to disclose information which they might have otherwise kept to themselves. If a child talks to any volunteer or member of staff about abuse, you should follow these guidelines:

- Rather than directly questioning the child, just listen and be supportive
- Never stop a child who is freely recalling significant events, but don't push the child to tell you more than they wish
- Make it clear that you may need to pass on information to staff in other agencies who may be able to help – do not promise confidentiality. You are obliged to share any information relating to abuse or neglect
- Write an account of the conversation immediately, as close to verbatim as possible. Put the date and timings on it, and mention anyone else who was present. Then sign it, and give your record to the designated person/child protection officer, who should contact children's social care if appropriate

The school has a policy on safeguarding children and young people which you can find, together with the local procedures to be followed by all staff, in the Policies Document folder on the school's network. Alternatively, you will find this document in Annexe...

Remember, if you have a concern, discuss it with the DSL.
