26 November 2019

Dear Parent(s)/Carer(s)

**Year 2 Maths Workshops Monday 02 December and Wednesday 11 December 2019, 9.00 – 10.00**  
**Aproximately**

After the success of the first workshops, we would like to offer the Year Two parents another opportunity to practise their number line skills.

Mr Stray, our maths leader, is running a ‘hands on’ parent workshop for parents who would like to know more about teaching multiplication and division. This will not be another ‘death by PowerPoint’, rather an opportunity to ask questions and unpick why children find this aspect of maths difficult. Mr Stray will be modelling the different ways in which we teach children to solve multiplication and division problems, including the use of structured number lines

This will be followed up with an opportunity to work with your child a week later and work on their number line skills, during a session in school. The nature of this workshop, and the children’s involvement, does unfortunately mean we can only run it during school hours.

If you are able to attend, please fill in the slip below and return it to your child’s class teacher by Thursday 28 November.

Yours sincerely

*Paul Stray*

Mrs P Stray  
**Maths Leader**

---

**Reply Slip: Year 2 Multiplication and Division Workshops Monday 02 December and Wednesday 11 December: Please return before Thursday 28 November**

I am able to attend the Year 2 Maths workshops:

Child’s name: .....

Class: .....

Signed ..... (Parent/Carer)

Please note that the end time is an approximation depending on how many people attend and the level of support needed
