

Weekly Learning Projects

Aim to complete at least 1 of these projects during the week.

Using your senses:

Ask your child to pick a window in the house. Ask them to stand there for a few minutes and take a look at what they can see and write or draw them down. Now ask them to try this activity again but this time ask them what they can hear? Write or draw these down. Ask your child to help find a piece of material in the house and then blindfold them. What can they see? Which sense do they use now? Ask them to now cover their ears and look outside the window. What do they hear?

A 'feely bag'

Find six objects, such as a hairbrush, a tube of toothpaste, a packet of biscuits, an ice cream scoop, a packet of tissues and a wooden spoon. You will also need something to act as a blindfold. Imagine what it would be like if you could never see because you were blind and you had to learn to rely on your other senses instead. Play with a partner and see who guesses most of the objects.

Find a place in the house.

Look around what they can see. Sketch what they can see. What is on the left-hand side of them? What is the right-hand side of them? Does it change if they sit in another part of the house? Make a list of all the things and compare.

AR Photos

Using a phone or tablet, search in google for an animal (lion, tiger, dog, horse or eagle all work). Scroll down to find the 'view in 3D' box and watch the magic begin!

Meet a life-sized
tiger up close.

Purple Mash

Don't forget to use the 2Do jobs on Purple Mash. We have 5 new tasks planned from Monday 30th March.
