

**Communication and Language**

1. Make a video about what you did over Easter using the past tense correctly e.g. We played... I searched... Can you also use narrative language such as First, Next or Then?
2. Tell a Helicopter Story about a prince or princess in a castle.

	prince or princess
	castle
	What could the problem be?
	How could they solve it?

For example:

*Wun sunee dai thair was a handsum prins hoo livd in a carsl. He woak up and fownd a dragon in his room! The dragon was hungree and wontid to eet the prins, but then the prins gaiv him sum brekfast and thai becaim frends. The end.*

(You don't have to write it down but could do if you want to...)
