

**Communication and Language**

1. Comprehension task – find a video about castles. Watch the beginning of Linnie and the Gentle Dragon (<https://www.youtube.com/watch?v=xHcxbiQmQGA>) and talk about the following questions.

- Why was he called the friendliest dragon?
- What do you think he will do when he sees the young girl?
- Why do you think she ran up the tree? What would you have done?
- How do you think she is feeling?
- Which type of dragon do you think you would like best? Why?
- What does hospitality mean?
- Why did Linnie fall off of the broom?
- Do you think one trillion years old is young or old for a dragon? Why?

Can you tell the end of the story? Do they find the magic tea, and what does it do? As an extra challenge, you can try to make it rhyme!

2. Tell a dragon themed Helicopter Story using story language from the story cube. Try to add some more detail in this week as well.

	What do they look like? Do they have a name? What is special about them? What are they good at?
	What can you see, hear and smell in this place? Do they live there or are they visiting?
	How does the character feel? Why did the problem happen? How does it affect the character?
	Who thought of the idea? Will they need help to manage it? How do they feel afterwards?
