Home Learning Week 1 - 1/6/20

Hello Everyone!

We hope you all had a lovely half term and are ready for our journey 'Around The World'! This week we will be starting in London, listening to the story 'The Queens Hat' and in Maths we will be learning about multiplication. Below are some other ideas to explore the wider curriculum (geography, PE, art, etc.)

Well done for all your hard work so far whilst learning at home. We have really enjoyed

seeing all the pictures of your fantastic work and are really impressed with the work you send in. Keep it coming as we will continue to share it in Friday assemblies. (year1@purbrook-inf.hants.sch.uk)

Please do not hesitate to contact us at school or via the Year 1 email address if you need any further advice or help. Although we can't meet you at the moment we do want to keep supporting you with home learning.

Your writing for our encyclopaedia was amazing! We were so impressed with your work – well done to everyone who completed this. The Year 1 Dinosaur encyclopaedia is now ready for you to download and read from the Year 1 page.
