

Home Learning Week 7 - 18/5/20

(Summer Term Week 5)

Hello Everyone!

Hope you are all well and looking forward to your last week of home learning this half term. Where has that time gone? We continue to be really impressed with your learning at home, and love receiving photos of your work. It's also great to be able to share it with everyone in Friday assemblies. Please ask your grown-ups to keep sending your work to year1@purbrook-inf.hants.sch.uk.

For our final week of our dinosaur topic, we are going to write a book all about dinosaurs. Find out about lots more about dinosaurs, including what made them all die out and make some amazing dinosaur craft activities using Maddie Moate's Dinosaur Week videos. There is another science challenge and maths tasks to complete too.

Video 15 : How is a dinosaur fossil made?	Bag of Bones Dinosaur Headdress
Video 17 : Dinosaur Food and Dinosaur Poo!	Make your own coprolite (Dinosaur poo)
Video 18 : What happened to the Dinosaurs?	Pterosaur Peg Instructions Pebble plesiosaur Asteriod impact video

After half term, our topic will be Around the World. The teachers have lots of ideas for what we will learn about, but we'd like to include some of the things you would all like to find out about too. Please ask your grown ups to email us your questions or ideas so we can include them in our learning.
