

Home Learning Week 5 - 4/5/20 (Summer Term Week 3)

Hello Everyone!

Hope you are all well and looking forward to your next week of home learning. It was lovely to talk to all your grown-ups (and some of you!) last week. It's great to hear how well you are learning at home and to hear all about the adventures you've had. Please ask your grown-ups to keep sending your work to year1@purbrook-inf.hants.sch.uk.

We thought you might like to know what the teachers have been doing during lockdown...

Mrs Jones has been looking after her chickens.

Miss Hawkins has been knitting, quilting and sewing.

Mrs Hutchins has been gardening.

Miss McKelvey has been enjoying running.

Some of you are having trouble with Purple Mash - if you have a tablet, then unfortunately some parts don't work. Sorry if that means you can't complete all the 2Dos. This week 1 of the 2Do job is all about Mary Anning. There is a chapter book to share together then a quiz for the children to complete independently after they've listened carefully!

Hope you've all seen the videos on the Purbrook Infant School FaceBook page! Have a look if you missed it.

This week we are going to continue with 'Dinosaurs' as the theme for our learning from the website focusing on Mary Anning - The Fossil Hunter.

Aim to complete some literacy and maths every day. We have also planned some ideas that support the wider curriculum.

Making fossils

<https://www.bbc.co.uk/cbeebies/makes/presenters-making-a-fossil>

Please note you do not need to use the coffee grounds to make the fossils.

The salt dough can be left white.

The alternative is to make fossils using play dough that you might already have at home.

Dinosaur Shadows

Let's hope the sun starts shining again soon so you can use your dinosaurs to create and trace shadows.

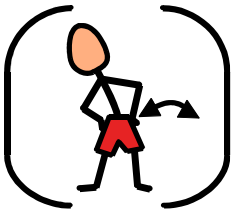

Science

Try the science experiment - download the file from the website.

Discover more about dinosaurs by watching

<https://www.bbc.co.uk/cbeebies/curations/dinosaur-facts>

Forest School

Some of you have told us how much you've missed Forest school learning, so Mrs Rolfe has planned some activities you can do at home in your garden, in the woods or on your daily walk. Download the file from the website. She can't wait to hear about your adventures!

History

Find out about Mary Anning - The Fossil Hunter

<https://www.bbc.co.uk/bitesize/topics/zd4dy9q/articles/zng7gwx>

Imagine you are Mary Anning and create a poster to advertise the shells and fossils that you are selling. There is an example of a poster in the resources and a template for your poster if you wish to use it but you could just draw the poster in your work book. You could do the poster on the computer or draw and write.
