Topic: Water

Expressive Art and Design

1. Can you make your own paint at home? There are some great ideas at <https://www.funkidslive.com/summer-challenge/make-paints-plants-berries-powders/#>. You could use them to paint an underwater picture!
2. Make your very own octopus pet by linking paper chains together!

3. Can you make your own water music? You could use anything as a musical instrument, or even make your own!
