

**Expressive Art and Design**

1. Listen to at least 2 minutes of aquarium music from Carnival of the Animals (<https://www.youtube.com/watch?v=XCBDICON8Rc&safe=true>). How does it make you feel? What do you think the music might be about? Try moving to the music, and link movements to particular sounds – e.g. descending notes could be swimming down into the water, smooth parts could be a fish swimming back and forwards. Can you name any of the instruments? (2 pianos, two violins, viola, cello, double bass, flute, piccolo, clarinet, and glockenspiel). You could research some of the instruments too.
2. Listen to the aquarium music above and draw or paint using lines that match the music. Close your eyes and let pictures come into your mind about under the sea – can you paint or draw what you are thinking about?
