

### Checklist for my work- The Catch

I have...

Tick if completed. Dot if you need to make an edit on your work.

...used capital letters at the start of my sentence (A, B, C, D, E).

...used adjectives to describe the boy's feelings (hungry, lonely, angry, tired).

...used linking words (e.g. when, as, so, because) to give reasons.

...used adverbials at the beginning of my sentences to show order (At the beginning, After that, A while later, At the end)

I have checked my spellings and used phonics when I don't know how to spell a word.

My sentences make sense.

Now can you choose one small section or sentence from your work to edit and improve? Write your improved version below:
