

Year 1 Learning at Home Spring Term 1 2021: Walking with Dinosaurs

Friday 22nd January 2021

We will be starting each day with a zoom session to meet up with the children and preparing them for the activities to complete each day. Please try to attend one of the time slots - they are not linked to classes.

Make sure that you bring a pencil and paper, as we will be playing a drawing game.

Session 1	Session 2	Session 3
9.00am	9.30am	10.00

For security reasons, we will email the link via parent mail. This will remain the same each time. If you are unable to make any of these sessions on a particular day, there will be a video introducing the day's learning uploaded to our Year 1 YouTube channel - details below.

https://www.youtube.com/channel/UCNAgaFlsbSyzxk2c-p_NTdw?safe=true.

Here is the outline for our day's learning. The times are a guide for how we organise the day at school. **You have complete flexibility to fit around your family with home working and sibling's demands for devices, etc.** If you have any questions or queries, please email the year 1 team using year1@purbrook-inf.hants.sch.uk. We would like to see your learning - photographs work well - sent to this address too, so that teachers are able to respond to what you have done at home, make suggestions for improving work and monitor how children are finding the tasks.

8.50 - 9.25: Computing

Watch the video for this week's computing session. We are thinking about counting objects, and making this easier by sorting objects into groups first.

Part way through the video you will be asked to pause the video and try to count a group of objects (ideally rulers, pencils, and rubbers)- ideally between 10 and 20 of these types of objects, but we can work with any number!

Then we ask you to pause the video again and count one group (just the rulers this time). We will be thinking about which counting job was easier, and then sorting into groups before counting.

9.25 - 9.40 Handwriting

Today we would like you to have a look at the letters and words you have written this week and pick some to practice again. Here is a list of the letters and words we have worked on.

Re-watch the videos to help you with the letter formation then write these words carefully.

t d f to today do of

9.40 - 9.55 Snack Time

9.55 - 10.40 Maths

Practice counting back from 100 using a number line today. There is a video that will help you on the Year 1 YouTube channel.

Today we are again working on reading half past times. You need a clock and a piece of paper or the independent task from the website.

Today's lesson link is:

<https://classroom.thenational.academy/lessons/reading-and-writing-the-time-to-oclock-and-half-past-part-2-c4wkjr>

There is opportunity for some practice reading o'clock and half past times with a sheet of clock times to read on the Purbrook website.

10.40 - 11.05 Shared Learning Time

Children plan their learning tasks using one of these areas:

- Small world (construction, dinosaurs, cars, trains, etc.)
- Creative (painting, collage, drawing using chalks, pastels or junk modelling)
- Reading
- Writing

Encourage your child to use different activities over the week.

11.05 - 11.35 Phonics

Please watch one of the DfE phonics videos each day. Your child will need some paper and a pencil. It might be helpful if they can pause the video in places. The links are:

Children who usually work in Woodpeckers or Blackbirds for phonics - not necessarily their usual class:

Today we are going to recap the 'oy' and 'ir' grapheme.

Look at the Missing Letters sheet and fill in the missing letters. You do not need to print the sheet just write the words on a piece of paper. Now write some sentences using these words.

Children who usually work in Doves for phonics - not necessarily their usual class:

<https://www.youtube.com/watch?v=dFqFWbIV-vo&list=PLuGr6z2H2KNHY2HITC9jV0a65ED0aD2Ry&index=33&safe=true>

Contact your child's class teacher via year1@purbrook-inf.hants.sch.uk if you are unsure which video to watch.

11.35 - 1.00: Lunchtime

1.00 - 2.00 English

Look at the seashell picture and have a think about the questions below.

There are no correct ideas - encourage your child to speculate about what they think is happening. Try not to answer all the questions first as they will often just copy your ideas as adults know so much more than they do!

- What can you see in the picture?
- What shapes and colours can you see?
- Who do you think lives in these shells?
- Which shell would you like to find on the beach? Why?
- What do you like to do at the beach in winter?
- What do you like to do at the beach in summer?

Challenge - Ask them to use 'because' to explain their ideas.

Children can write their answers to the questions **but there is no expectation for them to do this.**

Please listen to your child read their reading book daily if possible. If you need more books, read an e-book from here. You will need to register your email address to access them the first time you use them.

2.00 - 2.30 Shared Learning Time

See earlier notes

2.30 - 2.50 Story Time

Share a story together.

2.50 - 3.00: Reflection Time

Have a think about three things that you can be thankful for today. This encourages children to keep a positive mindset and supports their mental health in difficult times. You could write them down or draw a picture. Alternatively, make a jar to keep a list of things you are missing at the moment (like seeing your wider family, visiting a special place) so you can make sure they happen when the virus is gone.
