

## History Week 1

Welcome to our new topic historians! We will explore the topic of Great Fire of London thoroughly this half term and learn lots of new historical skills along the way.

This first week, our learning is all about discovery and exploring.

Learning objective: To be able to understand that artefacts hold information about a time and event.

### **Task:**

Have a look at the images that we have provided. Do you recognise the historical artefacts? Are they old or modern? How do you know? Are there any artefacts that are in use now? Which ones have developed over time?

### **Want to extend your learning?**

Are you able to arrange the images into a rough timeline and explain why you have made such choices?

Key Vocabulary this term: artefact, information, narrow, diary, disaster, Samuel Pepys, drought, population, primary source, extinguish, outbreak, medieval, inferno.
