

Year 1 Learning at Home Spring Term 2 2021: The Three Little Pigs

Monday 22nd February 2021

As last half term, we will be starting each day with a zoom session to meet up with the children and prepare them for learning each day. Please try to attend one of the time slots. As before, we will each be on one zoom session. You are still welcome to join any session, not just the one your child's teacher is doing. We will swap the slots around each week so if you always choose the same time your child will still be able to see their teacher.

Session 1	Session 2	Session 3
9.00am - Mrs Hutchins	9.30am - Miss McKelvey	10.00 - Miss Hawkins

For security reasons, we will email the link via parent mail. This will remain the same each time. If you are unable to make any of these sessions on a particular day, there will be a video introducing the day's learning uploaded to our Year 1 YouTube channel - details below.

https://www.youtube.com/channel/UCNAgaFlsbSyzxk2c-p_NTdw?safe=true.

Here is the outline for our day's learning. The times are a guide for how we organise the day at school. **You have complete flexibility to fit around your family with home working and sibling's demands for devices, etc.** If you have any questions or queries, please email the year 1 team using year1@purbrook-inf.hants.sch.uk. We would like to see your learning - photographs work well - sent to this address too, so that teachers are able to respond to what you have done at home, make suggestions for improving work and monitor how children are finding the tasks.

8.50 - 9.25: Science

We are going to be going on a hunt around our homes today to look for objects made out of these materials: wood, ceramic, rock and metal.

To help you identify ceramic materials, here are some ideas:

Tiles in the bathroom or kitchen

Cookware (crocker and pots)

Toilets

Bricks

Cement

And here are some suggestions of objects made with rock:

Talc

Graphite - the lead inside pencils

Glass

Coal

Slate

Fold up a piece of A4 paper into 4 and write the one material in each part. Make a list or draw the items you find around your home for each material.

9.25 - 9.40 Handwriting

Watch the video and have a go at writing the letter patterns. Children should use a pencil rather than pen to write. Wherever possible please work on lined paper with line size of 1.5 cm or write on alternate lines if they are smaller than this.

9.40 - 9.55 Snack Time

9.55 - 10.40 Maths

Watch today's maths video on the YouTube channel. After a quick warm up counting 100 we are going to be rehearsing several of the addition and subtraction strategies we learnt last half term. We will be practicing selecting the strategy to help us calculate quickly and efficiently. There are several tasks within the video to complete.

To practice our learning, we introduce a game called 'Number Cruncher' in which children can compete against the clock to complete as many calculations as possible. There are game boards available on the website if you would like a paper copy or you can make your own by copying the calculations or just pause the video and play using the screen.

10.40 - 11.05 Shared Learning Time

Children plan their learning tasks using one of these areas:

- Small world (construction, dinosaurs, cars, trains, etc.)
- Creative (painting, collage, drawing using chalks, pastels or junk modelling)
- Reading
- Writing
- Playing a maths game to consolidate mental recall of number facts
- A Phonics game from Phase 3, Phase 4 or Phase 5a of www.Phonicsplay.co.uk which is currently free to use.
- Getting outside for some exercise

Encourage your child to use different activities over the week.

11.05 - 11.35 Phonics

All children should watch the phonics video on our YouTube Channel. There are different tasks for each **phonics group** (not class). These will be identified in the video, and available to download from the website as needed. Contact your child's class teacher via year1@purbrook-inf.hants.sch.uk if you are unsure which task to complete.

Children who usually work in Woodpeckers for phonics - not necessarily their usual class:

Watch the main phonics video and then watch the separate dictation video to write sentences using the tricky words that you have been learning.

Children who usually work in Blackbirds for phonics - not necessarily their usual class:

Play the roll and read game, practice reading tricky words using the tic tac toe grid and finally write some sentences.

Children who usually work in Doves for phonics - not necessarily their usual class:

Play the roll and read game, practice reading tricky words using the tic tac toe grid and finally write some sentences.

11.35 - 1.00: Lunchtime

1.00 - 2.00 English

Listen to the story of the Three Little Pigs on our YouTube Channel. This story will be the focus of our English work for the next few weeks, so children need to be really familiar with it.

At the end of the story, chat about the characters and events of the story. Which character did you like the best? Can you give a reason why? Can you remember what happened at the beginning of the story? In the middle of the story? And at the end of the story? Was it a good ending? Why?

Then we would like the children to retell the story. There are puppets you could print available on the website or you can make your own puppets or use toys you have at home already. If possible, leave the resources you use out so your child can explore them in their shared learning time again later this week.

Please listen to your child read their reading book daily. There are a range of e-books using the same colour levels used in school available from the following providers:

Collins Big Cat reading scheme:

2.00 - 2.30 Shared Learning Time

See earlier notes

2.30 - 2.50 Story Time

Share a story together.

2.50 - 3.00: Reflection Time

Have a think about three things that you can be thankful for today. This encourages children to keep a positive mindset and supports their mental health in difficult times. You could write them down or draw a picture. Alternatively, make a jar to keep a list of things you are missing at the moment (like seeing your wider family, visiting a special place) so you can make sure they happen when the virus is gone.
