16 December 2021

Dear Parents/Carers

Seesaw Home Login Details

I wanted to contact you to share our current thinking. There is a lot of talk in the press about the Omicron Variant and the impact this may have to our daily lives in January. We have **not** received any information which indicates that schools will not be returning as normal in January. We know the same level of information that you do, as shared in the news. However, we are going to plan for the worse, but hope for the best so that we are not in the position of having to implement home learning at short notice, a situation we found ourselves in last year.

To this effect we are sending the children home today with paper copies of the home learning student code/QR code for Seesaw (please note that that this is different to the log in that you are currently using as this login allows you more access). This will enable you to access the home learning in the event that either there is a national lockdown or there are simply not enough staff to safely have the children in the school as they have contracted Covid-19.

We, like yourselves, hope that this will not be the case, but as stated above, this is our "Plan B". We will of course keep you updated if the situation changes and we receive further information but hopefully we will welcome everyone back on Wednesday 05 January as planned, so please don't panic. We are just trying to get ahead of the game and be prepared.

Yours sincerely

Mrs L A de Carteret
Headteacher
