16 December 2021

Dear Parents/Carers

### **Seesaw Home Login Details**

I wanted to contact you to share our current thinking. There is a lot of talk in the press about the Omicron Variant and the impact this may have to our daily lives in January. We have **not** received any information which indicates that schools will not be returning as normal in January. We know the same level of information that you do, as shared in the news. However, we are going to plan for the worst, but hope for the best so that we are not in the position of having to implement home learning at short notice, a situation we found ourselves in last year.

You should already have received your child's student code/QR code and this enables you to access the home learning in the event that either there is a national lockdown or there are simply not enough staff to safely have the children in the school as they have contracted Covid-19. If you have lost this, you will need to speak to your child's class teacher tomorrow and they will resend this to you.

We, like yourselves, hope that this will not be the case, but as stated above, this is our "Plan B". We will of course keep you updated if the situation changes and we receive further information but hopefully we will welcome everyone back on Wednesday 05 January as planned, so please don't panic. We are just trying to get ahead of the game and be prepared.

Yours sincerely

Mrs L A de Carteret  
**Headteacher**
