## Support available to parents and families

Hampshire Educational Psychology offers a regular Telephone Support Line (TSL), which is open to both education staff and parents/carers. The TSL is provided by educational psychologists and all calls are confidential. The service enables you to gain information about helpful resources that could support a child experiencing difficulties or you may wish to discuss the SEN processes, or ask for support to be signposted to other professional contacts. The telephone line is an opportunity for a brief problem-solving conversation around an area of concern. The service is available Tuesdays, Wednesdays & Thursdays: 9.30-11.00am (term time only) on 02392 441497. Further information can be accessed at: <https://www.hants.gov.uk/education>

## Near Miss

One of our parents has alerted us to the fact that she was very nearly hit by a car this week when a car mounted the kerb, not to park, but to actually drive along! This happened at the end of the road leading into the cul-de-sac. Their registration number was taken and this has been reported to the police. This may well have been a local resident who, rather than wait for an opening, simply mounted the pavement. In order to avoid this, or a more serious incident happening, please can we request that parents park and drive sensibly around the school site. Thank you.
