

20/11/24

Dear Parent / Carer,

We have received an update from the Food Standards Agency (FSA) that the investigation into the contamination of mustard products with peanuts has now closed.

The FSA statement can be found [here](#).

As a precaution during the investigation, Dolce applied the mustard allergen to all pupils with a peanut allergy ticked on SchoolGrid, on 30th September. Although the investigation is now closed, we will not be removing the mustard allergen from your child's account. This action can only be taken by the parent if they feel confident in doing so.

We want to reassure you that none of Dolce's products were affected.

The FSA still continues to advise anyone with a peanut allergy to avoid products listed in the [allergy alerts](#). For further details, please visit the FSA's website.

If you have any questions or would like to discuss this further, please do not hesitate to contact Customer Care.

Yours Faithfully,
Dolce Customer Care
