14 September 2026

Dear Parents/Carers of Year 2 Children

Lego Club

One of our Governors, Richard Merefield, has always been a keen collector of Lego. However, he feels that simply following building instructions takes away a lot of the creative skills and imagination so important to young people. So, over the past four years he has organised and run a Lego Club for members of Year 2 at our school.

Whilst each child will receive advice and support with ideas of what to build, the intention is to encourage them to create and build whatever they like.

The sessions take place on a Thursday afternoon for four weeks from the end of school, 3.15pm. The first session will be on Thursday 24 September and run until Thursday 22 October. Please note that there will be no club on Thursday 08 October. Children should be collected from the main reception lobby.

There is an expectation that children attend the club on a regular basis as they build on their learning from one week to the next. The four weekly programme will consist of:

- Week 1 – they will each be given a container with a selection of bricks, to build what they like and for me to assess their skills.
- Week 2 – build a vehicle using a 'brick pit' of hundreds of bricks.
- Week 3 - free choice, build anything they like.
- Week 4 - build something futuristic as part of a city.

Due to the limited number of spaces, Mr Merefield has asked that only eight children at a time attend and children will be selected on a first come first serve basis. We expect there to be a lot of interest in this club so please do not hesitate to fill in the Google Form. Mr Merefield will run this club all year, so children will be allocated a slot either this term or Spring/Summer. [Lego Club](#)

If you would like your child to take part in the Lego Club, then please complete the google form by the end of the day on **Wednesday 16 September**. If your child is allocated a place, they will receive a confirmation slip on 22 September.

Yours sincerely

Lisa de Carteret
