

Hello, my name is Jacqui King. I am the Family Liaison Officer (FLO) for parents, carers and families of Purbrook Infant School.

I have worked at Purbrook Infant School for over 25 years in various roles across the school when my children started at this school and have seen families' needs increase, be it behaviour strategies, mental health, information and guidance or just someone to chat to.

Here are some of the ways I can help:

- Support for you with your child's learning, school attendance, anxiety, working with teachers and senior leadership providing resources and strategies
- Provide support and signpost services that can help you and your child with bereavement, abuse, welfare and adult learning opportunities etc
- Referrals for foodbanks, clothes for children up to 16, pregnant mums or families with small babies up to 2 years old with clothing and equipment and various household items
- Help with form filling or on-line applications
- Provide transport to and from appointments
- Provide a listening ear and support to families with the cost-of-living crisis
- Trusted adult in the school

I am around most weekday mornings at drop off or you can contact me by e-mail j.king@purbrook.inf.hants.sch.uk
